PAPER IV (Core)
ENVIRONMENTAL ADMINISTRATION IN INDIA

Unit – I Introduction

Meaning, Nature and Significance of Environmental Administration – Environmental Degradation – Global Environment.

Unit – II Causes, Sources and Effects of Environmental Pollution

Main Causes of Environmental Pollution – Sources and Effects of pollution – Water Pollution, Air Pollution, Noise – Pollution, Land Pollution – Planning Model for Industrial Complexes.

Unit – III Environmental Policy

Ministry of Environment - Environmental Policy – Environmental Information System (ENVIS) – Critical Evaluation of Environmental Policy.

Unit – IV Law for Environmental Protection

Common Law – Aspects of Environmental Law – The Constitutional and Environmental law – Statutory Control of Environmental Pollution - Public Interest Litigation.

Unit – V Environmental Management

Strategies for Environment Management – Socio economic impacts – India's participation in International Conventions – Stakeholders – Community participation, Public Awareness and Media

Books recommended for Study:

1. Kallash Thakur, Environmental Protection – Law and Policy in India, Deep & Deep Publications, New Delhi, 1999.
2. Divan, S and Rosencranz, A Environmental Law and Policy in India, Oxford, 2002

ABOUT THE COLLEGE

Anna Adarsh College is a premier self-financing College, affiliated to the University of Madras, established in 1985 by the Punjab Association. The College aims to provide higher education to women students, to transform them into empowered individuals. The College is re-accredited with A+ Grade by NAAC in 2017 and is placed among the top 500 colleges by National Institutional Ranking Framework (NIRF) for 2018. The institution imparts quality education to more than 5000 students with 13 UG and 9 PG Departments, which include 3 research Departments and 13 certificate and add-on courses.

The College is constantly striving for academic excellence and the University ranks secured by the students stand testimony to this. The College has several MoUs and collaborations with various corporate sector and academic bodies to make education relevant and skill-oriented. It provides holistic development for students through the activities of various clubs, which produce a socially responsible and culturally inclined student community. The College has received several awards for excellence in academics, sports and co-curricular activities.

ABOUT THE DEPARTMENT

The Department of Chemistry was started in 1986 with the vision of laying a strong foundation in this branch of basic science. The Department, which was offering Chemistry at the UG level, was upgraded into a PG Department in the year 2010. The Department has excellent infrastructure, equipped with modern laboratories, smart classroom and 2 research labs. The Department has consistently produced University ranks, including first rank at both UG and PG level. Alumni comprises of outstanding chemists, researchers and leaders. To motivate the students to pursue research, regular seminars and workshops at National and International level are conducted where scientists, industrialists and academicians share their expertise in their chosen specializations.

ABOUT THE CONFERENCE

The theme of the Conference relates to the construction of a global platform in the field of Chemistry where the current developments, recent advances, new approaches and future prospects would be discussed and debated in detail.

Among the various steps taken to save the planet, the concept of Green Chemistry has emerged as an alternative for sustainable future in the Science and Technology and innovative chemical products. The world of green chemistry demands innovation, experimentation and application of science. So, modifying them in a way to make them greener will bring a huge change in the environment.

Thrust Area of the Conference

- > Nanotechnology and its applications
- > Material Science
- > Food and Health
- > Drug Delivery
- > Environmental Health
- > Energy Management

CALL FOR PAPERS

The organizing committee invites original papers for oral/poster presentation. Authors are requested to send an abstract of their work in about 250 words typed in 1.5 pt space on A4 size paper with 2.5 cm margin on all sides.

The abstract should carry the title of the paper, name of the authors with email id and contact number. Name of the presenting author should be underlined. The soft copy of the abstract along with the registration details should be sent to the mail icgcp2018@gmail.com on or before 20th July. The size of the poster should be 458 x 3.03.

IMPORTANT DATES

Submission of Abstract : 20th July 2018
Submission of Acceptance: 30th July 2018
Submission of full paper: 10th August 2018

Spot registration is also available to local candidates who wish to participate.

REGISTRATION DETAILS

Research Scholar : INR ₹ 150
Academician / Scientist / Industrialist : INR ₹ 1000
Students : INR ₹ 500

Registration fee should be paid as Demand Draft in favour of 'Anna Adarsh College for Women' payable at Chennai- 600 040.

Green Chemistry for Greener Planet

Dignitaries at the international conference on Green Chemistry for Greener Planet organised by Anna Adarsh College

TALK TEAM

The department of chemistry at Anna Adarsh College for Women organised an international conference on 'Green Chemistry for Greener Planet' on 12 September. Vice-president of Punjab Association and correspondent of the college, Manjeeth Singh Seth, welcomed the gathering. Principal Jayashree Ghosh addressed the participants and HoD of Chemistry department, Jeyavathana

Samuel, presented an overview of the conference.

President of Schantz Consultancy in Michigan, Schantz, spoke on the power of chemistry and its impact for a greener environment in his inaugural address.

Director of Nexgen Nanotherapeutics in Plymouth, Ram G Reddy, emphasised the need for a toxic-free environment for an eco-friendly planet in his keynote address.

Former US marine consultant and founder-pres-

ident of PKSA, Michigan, Rich Collins; associate director of DRDO, Latha Christi, and many eminent dignitaries were present.

Scholars presented their research work during the conference and charts prepared by the students on the topic - Green Chemistry for a Greener Planet - were exhibited at the conference venue. More than 80 academicians and research scholars from various universities and colleges participated in the conference.

(Affiliated to University of Madras)
Chennai - 600040, Tamil Nadu.

On August 14, 2021, the Swachhta Shapath (Cleanliness Pledge) taking ceremony was organized through Google Meet (virtual platform). The Pledge taking ceremony commenced with the College Prayer Song. Dr. Anita Raman, Vice-Principal, shared a few words on the significance of observing cleanliness. She recalled how ancestors used to insist on keeping the environment neat and clean, by which wealth and prosperity would naturally be acquired. She further stressed on having clean thoughts and attitude which would help in changing one's behaviour towards the society. Maintaining cleanliness helps in building a right attitude which would subsequently make an individual systematic and confident. She reiterated that to understand the holistic concept of cleanliness, the pledge should reach out to everyone as wished by the Prime Minister. She emphasized that the pledge is to be taken with sincerity and everyone should surrender completely for the purpose of ensuring cleanliness at home, college and the society at large. The Vice-Principal wished the National Service Scheme Units of the College for organizing the online Swachhta Pledge taking activity.
