STAKEHOLDER FEEDBACK & ACTION TAKEN REPORT 2021-22

STUDENTS

FEEDBACK	ACTION TAKEN
More student centric methods to be employed.	Learner-centric methods like experiential learning, project-based work and case study analysis are incorporated.
Soft skills and Employability skills to be enhanced.	Life skills and employability skills through Add-on and certificate course were conducted.
Special initiative for slow learners and advanced learners to be adopted.	Walk-the scholar and scholar support programmes were introduced to identify and encourage the advanced and slow learners.

ALUMNI

FEEDBACK	ACTION TAKEN
Shunting Vehicles to be made available for metro at the college entrance.	Chennai Metro Rail Ltd officials have agreed to arrange shunting vehicle for easy access to take metro rail.
Add on courses may be brought in to improve their employability skills.	Add on courses and value-based courses are to be implemented from the Academic year 2022-23.
Internship should be made compulsory for students.	Internships are now made mandatory from the Academic year 2022-23.
Multi research program to be encouraged.	More research programs are encouraged and a well-equipped research room is available.

FACULTY

FEEDBACK	ACTION TAKEN
Faculty felt that the college representation in UG/PG Board of Studies needs to be leveraged better.	Suggestions were given to make representation to the Board of Studies to revamp the syllabus.
Few faculty members had the opinion that college was not conducive to carry out research activities.	The R & D cell was established to encourage the faculty members to present and publish papers in both reputed National and International Journals to strengthen and support research and development activities.
Few staff felt that college was not equipped with facilities to cope with emergency medical situations.	Medical dispensary was instituted to take care of the students and staff in campus in order to alleviate symptoms arising due to sick conditions.

PARENTS

FEEDBACK	ACTION TAKEN
Few parents felt that the direct communication with the teachers was a little constraint.	Apart from regular PTA meetings, parents were requested to meet classes in charge before or after classes so as to make direct communication accessible to all parents.
A handful of parents thought that the facilities in the college should be improved.	As a measure to improve the facilities in the college, lift facilities for physically disabled and sick students were augmented.
