Ruthumina Chronicles

2022-2023

Version 2.0

THEME - AINTHINAI

STUDENT COUNCIL DESK

"All things of nature, there is something marvelous "

Kurunji is a shrub that is found in forests of the western ghats in south india that blossoms only once in 12 years.It was the time for all of us where we have set up new goals to dream , fly higher and see what lies beyond . Our department bcom Computer Applications has shown us a path to achieve all our desired destinations . I am thankful for the various opportunities given by our department to excel in both academics and extra-curricular activities.All the faculties in our department are unique and special to us . They taught us to dream big , believe in ourselves and they have proven that flowers doesn't dream for the bee , it blossoms and the bee comes ". They treated us like flowers that blossoms everyday with full of positivity. Apart from subject studies, our teachers have never failed to inculcate the cultural , traditional , ethical and moral values which had given us more patience and made us to act more disciplined in each and every circumstances of our lives . It is because of my teachers who believed in me , now I have never gave up and am flying towards my dream.

*- Akshidha.S
(College President)*

Forests are an essential part of our ecosystem and have great importance in our nature. Similarly AAC and Our department B.COM Computer Application has played an essential role and have great importance in my life. Forest Is a big piece of land consisting trees, grasses and more. AAC is also a Big piece of land and it has many departments like trees in a forest. My favorite tree is B.Com CA. I feel privileged that I got shade and knowledge under this tree. A tree has strong roots likewise Bcom computer application has dedicated faculties who are strong roots of this department . They bring out the best in us and carve us into the better version of ourselves each and every day. I am thankful to AAC and department of commerce-computer application for giving an opportunity to be in student council as Vice President of college and serve the college. I can't thank enough for what I got in this college and this department. I have learnt so many things and have created lots of memories to cherish. I would say that "the journey is more beautiful than the destination". My piece of advice to the upcoming students is to enjoy the journey to the fullest but don't let go of your destination that is your studies and the future you so desire like our department motto "focus and win

*- Sadiqa Saboora.N
(College Vice President)*

"The desert is so vast that no one can know it all."

A desert is a barren and dry area of landscape. No one can know the full desert until it's been explored. Likewise our department provides various opportunity to every student to show out their inner talents other than academics and prove themselves. I feel very proud and happy that I've chosen the right department. As a general secretary of the department I can see the coordination and team spirit both among the students as well as the faculties. Very supportive and motivating staffs. Our department follows its motto FOCUS AND WIN where they FOCUS on every student without any partiality and help them to WIN. Our department does not focus only on academics but also on fun activities, health practices like yoga, exercises which shows that our faculties takes care of us both physically and mentally. Proud to be a council member and also a student of B.com CA department.

*- kaviya.S
(General Secretary)*

Kurinj - "Mountains"

"THE BEST VIEW COMES AFTER THE HARDEST CLIMB"

One cannot get true happiness until She has paid a true price for it.

Everything that is free is not valued by anyone. In the beginning we Cannot get what we need , the first step is only the hardest path in our life. Mountains are the strongest , tallest and unique one, similarly in our department B.Com Computer Application, the Staff's are the best strongest supporters which will leads to FOCUS AND WIN. Likewise our Department has provided with number of opportunity and great platforms to grow and explore our new hidden talents. I feel privileged that I got the Strongest and unique ideas from our department. Giving the best opportunities to students both in academics and extra curricular activities. I feel proud and happy that I have chosen the right department. The strongest and best supporting pillar is our Head of the department LUMINIA VINODHINI Mam is been a best supporter and kind hearted person she is the backbone for us. And the other staff Mam's whose ensure us with the career guidance, culturals , traditional, ethical, moral values, and thought us the coordination between our department students especially among juniors. Happy to be part of our department. I have learnt so many things and created lots of memories with our department students and other department.

Such an amazing, best, unique views between us. Thanks for AAC and our department B.Com CA for giving an opportunity to be in student council As our Department President.

*- K.P Dhiya Devan
(Department President)*

"Agriculture is not a framing it's feeding "

I feel like I have chosen right place for me..Each and every faculty of this Department are motivating..They gave me a chance to prove myself.

Every student are given equal priority, when it comes to teaching they guide us like how farmers take of the crops....I always feel like a grown Grown crop with more nutrition, that's an example for a student as more knowledge and Talents. Students are given with tons of opportunities to prove them with their own talent..The Only department which focuses on the students happiness, welfare rather focusing on other departmentmental crisis..Though we conduct more events for students, academics side is equally balanced by the faculties. Very happy and proud to be in this team and this department.

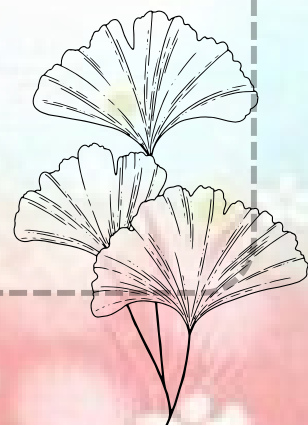

*Madhumitha.K
(Event manager)*

*"The coastal region known as neithal. Being right next to the sea, it will only makes sense if the god of seas, known as varunan becomes its Patron deity. The mood associated with this region is separation and union. It is Inhabited by the parathavar. Valayar and meenavar tribes. They were involved with activities like fishing, sea faring and salt making. The world ocean is deep to an endless point. We being as a student we can research more about our career and excel our talents in all activities and explore in detail in any projects,deeply figuring about any source to enrich in higher levels in academics as well. The department bcom computer application has been provided with an countless events for our students to excel their talents, the head of the department(Dr. C. Luminia Vinodhini madam) is been a backbone for me,she is a person of inspiration for me who have taught me how to mold a clay & design myself out of it with no substitutes & other staff mam's whose ensuring me with acknowledgement of: academics,life values, career guidance, & especially the support which they give to uphold myself in greater heights. " last but not the least; *any bird that finds his wings heavy would never reach height of the sky!. A seed that rest in soil comfortably will never become a tree. Change is Constant! Therefore; the Anna Adarsh College which has organised this department as (bcom.ca)for us. Is all about gratefully flying for a greater tomorrow.*

Why mutual fund?

Mutual Funds have always been a superior investing product for individual investors given their various benefits such as professional fund management, a wide range of schemes that suit different investing needs, transparency, robust regulations, low cost, and high liquidity. However, while more than half of the industry's assets are from individual investors, there are approximately only 2.4 crore unique investors in the industry today. Over the last few years, digital investing platforms have evolved in terms of user experience, product Features, and investment capabilities. From real-time tracking of portfolios to ease of execution transactions, these platforms have made Investing seamless. This has led to even existing mutual fund investors finding these platforms extremely convenient for making investment decisions, getting actionable investment insights, and transacting and tracking their investment portfolios.

INDIA'S Best large-cap Fund

Mutual Fund

Insight

Diversification

Mutual fund invest in several securities, such as equity, debt and gold thereby facilitate Diversification

Lower entry level

You can start making investments as little as ₹500 in MFs with the help of SIP (systematic Investment Plans).

Liquidity

You can buy/sell MFs by simply approaching the fund house, MF distributor, RM or even by transacting online

Economies of scale

It indirectly lets you invest into large ticket size instruments like government bonds which otherwise are unavailable to retail investors.

Professional management

They are managed by experienced professional Fund Manager along with research teams who track real time crucial market data

How to choose the BEST DEBT FUNDS

The debt fund crisis has changed the investing landscape. Here's everything you need to know to choose the best debt funds now.

DIGITAL CURRENCY AND CRYPTOCURRENCY

Digital currency is a form of currency that is available only in digital or electronic form. It is also called digital money, electronic money, electronic currency, or cybercash. Digital currencies do not have physical attributes and are available only in digital form. Transactions involving digital currencies are made using computers or electronic wallets connected to the internet or designated networks. All cryptocurrencies are digital currencies, but not all digital currencies are cryptocurrencies.

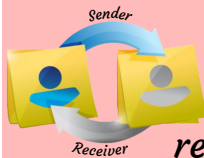

Digital currency is the electronic form of fiat money that can be used in contactless transactions.

Digital currency needs strong passwords to protect digital wallets...

Digital currency is regulated by a central authority (RBI)

Digital currency transactions are only known to the sender, receiver, and the bank.

Digital currency rates are stable, and currencies are globally accepted.

Cryptocurrency is a store of value that is secured by Encryption

Cryptocurrency is protected by cryptography.

Cryptocurrency is decentralised and unregulated.

Cryptocurrency transactions are publicly available on a decentralised ledger.

Cryptocurrency rates are highly volatile, and digital coins are not widely accepted yet.

BLOCK CHAIN TECHNOLOGY

What is it

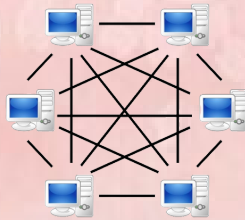

The blockchain is a decentralized ledger of all transactions across a peer-to-peer network. Using this technology, participants can confirm transactions without the need for a central certifying authority. Potential applications include fund transfers, settling trades, voting, and many other uses.

How it works

Someone requests a transaction

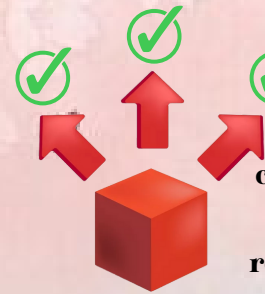

The requested transaction is broadcast to a P2P network consisting of computers, known as nodes.

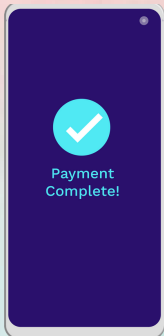

Validation

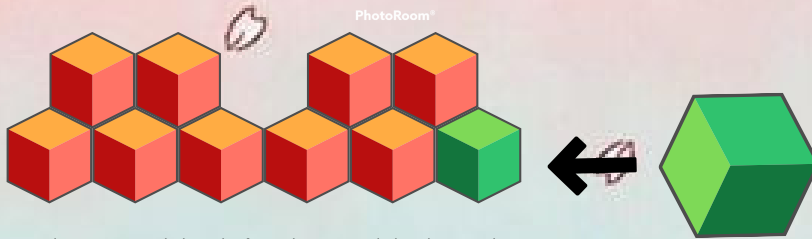

The network of nodes validates the transaction and the user's status using known algorithms.

A verified transaction can involve cryptocurrency, contracts, records, or other information.

The transaction is complete.

The new block is then added to the existing blockchain, in a way that is permanent and unalterable.

Once verified the transaction, it is combined with other transactions to create a new block of data for the ledger.

Potential Applications

Benefits

- ★ Increased transparency
- ★ Accurate tracking
- ★ Permanent ledger
- ★ Cost reduction

Unknowns

- ★ Complex technology
- ★ Regulatory Implications
- ★ Implementation challenges
- ★ Competing platforms

Automotive

Consumers could use the blockchain to manage fractional ownership in autonomous cars

Financial service

Faster, cheaper settlements could shave billions of dollars from transaction costs while improving transparency.

Voting

Using a blockchain code, constituents could cast votes via smartphone, tablet or computer, resulting in immediately verifiable results

Healthcare

Patients' encrypted health information could be shared with multiple providers without the risk of privacy breaches

FACE PAINTING

KURINJI

This was the hilly, forested terrain rich with verdant slopes, flowers, birds, bees and wildlife. The Pallani hills were one of the six abodes of Lord Murugan (or Cheyon), the primary deity of all people of the hills in Tamil Nadu. His second wife was the wild-eyed huntress, valli. The poems of this land abound with an energy and enthusiasm characteristic of a people who thrive in the wildness of nature.

Its modern day location corresponds to western and eastern Ghats in Tamil Nadu and Kerala.

Gopika.S (1st yr)

Priyanka (1st yr)

Amirtha (2nd yr)

MULLAI

This symbiotic relationship can be seen in the great Sangam literature, written around 200 BC to 300 AD. Five different landscapes are called thinai are mentioned in these Sangam thinai . This was the home of the cowherds, or the aayars , who spent their time herding cattle and playing the flute, just like the eternal Krishna their chosen god . The poems depicting these areas are full of cheeriness, joy, and a care free spirit inspired by their blithe god Krishna.

Nishitha (2nd yr)

monika.R.B (1st yr)

MARUTHAM

Fertile farmlands encircling big thriving capital towns of kings were located in the Marudham region. The elite, the rich, and the powerful lived in urban Marudham, along with goldsmiths and blacksmiths. The farmers ploughed in rural Marudham, on the banks of the rivers like cauvery. People in these areas prospered because of the fertility of the land, making Indra, the god of rain, their Preferred deity.

Bhuvaneshwari(1st yr) Hema Priya (1st yr) Mithra.D(1st yr) Akshaya.L(1st yr) Abirami anand(3rd yr)

NAITHAL

The vast, unbroken coastline of Tamil Nadu was located in this region. Fishermen and sailors, the primary inhabitants of this region, prayed to the ocean god Varuna. Poems describing Neidhal depict the myriad moods of the sea and the fate of the men depict

*When the moonlight spreads
on the seashore grove,
he will come in his chariot,
riding beside the waves on the
shore filled with flowers and
sand, and his charioteer will
handle his bridle with cautions.*

Parent's Feedback

S. Kaviya
B.Com (CA) 3rd year
Mother - S. Manjula

The children seemed to be working quite hard under your direction. I work in the same field and personally think that this kind of department ought to operate frequently if we want our kids to be disciplined and physically fit. I was concerned after enrolling my girl at this college. But I can now confidently assert that my daughters are in capable care. Once more, congrats to the head of the department Dr. C. LUMINIA VINODHINI, and all faculties for running such a fantastic and memorable department.

Subhashini
B.com (CA) 3rd year
Mother - Mala

Thank you for working so hard to assist my daughter's growth. To our family, your tolerance and dedication to helping my child have meant a great deal. We are incredibly appreciative that you are our child's teacher. B.Com Computer Application department students are given a variety of tasks to keep their minds and spirits busy. By repeating seminars, they encourage our child to speak quite boldly. They are also assisting our child in developing logical thinking skills.

P. Soundharya
B.Com (CA) 3rd year
Mother - P. Sasikala

I'm happy to give my opinions regarding the B.Com CA department. Students develop togetherness among themselves as a result of the activities you hold every Friday and the requirement that they wear dresses of the same colour.

To stay in touch with our traditions, we observe each auspicious day and require students to dress traditionally. Encouraging the department students to take part in all activities. Being a great monitor and playing a supportive role to our students.

S. Sarashini
B.Com (CA) 3rd year
Mother - S. Sarala devi

I'm overjoyed that my daughter is pursuing her commerce degree at Chennai's Anna Adarsh College for Women. Every parent wants the best for their children children, and this department has demonstrated this in various areas, including education, discipline, strong moral and ethical principles, community service, etc. Numerous events and programmes are put on by the department for the development of children

Sadiqa Saboora
B.Com (CA) 3rd year
Mother - Asmath Shaheen

The department of B.com CA is luminous with the presence of light of love & affection by madam Dr. C. LUMINIA VINODHINI, the excellence of madam Dr. C.Chitra, the enlightenment shelter given by madam Ms.R.Saranya, the pleasant atmosphere made by madam Ms.Manju Priya and mother like vibes from madam Ms.N.Umamaheshwari. All together decorated the future life of my daughter in her academic and other activities during the course of study in this esteemed college. I thank God and pray that the college shall flourish with good name and fame with the abilities of B.com (CA) HOD and Professors. I wish the team leader and the team with good health, wealth and success in future.

R. Priyanka
B.Com (CA) 3rd year
Mother - R. Valarmathi

Very glad to joined my daughter in B.Com Computer Application. She has acquired a variety of computing abilities. Thank you for making my child happy, providing incredibly hygienic food in the canteen, and creating a welcoming environment. The professors are sincere and nice. Encourage pupils to speak up in class and express their opinions. The B.com computer application staff insist the students to attend various seminars, which teaches our kids to be fearless. Campus interviews in the department are also quite good.

S. Yogisha and S. Yoshiga
B.Com (CA) 2nd year
Mother - S. Srijitha

I'm here to discuss about my kids' academic interests. In Chennai, the B.com. CA department is extremely uncommon. However, Anna Adarsh has a B.com CA. It is very pleasure to say about this department. First of all, I would like to express my gratitude to the head of the department Miss. C. LUMINIA VINODHINI, and to all of the staff members for encouraging the students to enrol in this type of course for their future benefit. This department so differs greatly from the others. To support the students' talents, they hold a tonne of activities and competitions. Additionally, they focus on their academic work. Having this department for my kids is a huge delight. Parents are also encouraged by this department to take part in all activities. So they give their studies their entire attention. This is very useful for students in studying B.COM CA. And I'm happy that my kids are enrolled in this B.com CA course. I appreciate your support in getting me to enter the contest. Thank you for this opportunity.

K. Janani
B.com (CA) 2nd year
Mother - K. Shoba

I'm here to briefly discuss my daughter's academic field. For all of the students, it is a fantastic course. I would first want to express my gratitude to the department's head, Dr. C. LUMINIA VINODHINI, and my appreciation for the entire department. They hold numerous contests, events, etc. for their bright future, students will find this to be very helpful. And it makes me happy to know that my daughter is enrolled in this B.com CA course. Thank you for this wonderful opportunity.

Janani Sri
B.com(CA) 1st year
Mother - Lakshmi

I appreciate how considerate the faculty and staff are. They provide my child more one-on-one time than she has ever received. The college has a highly uplifting and healthy atmosphere. It's encouraging to see that the college gives both academics and extracurricular activities similar priority. Here, in addition to receiving an education, the child's overall personality is shaped in order to get her ready for the future. Other events like seminars, sports, and competitions are successfully held. The facilities are outstanding, including excellent classrooms, a well-stocked library, a sizable sports complex, and a canteen. Overall, the college is continuing to provide support by preparing students to face the corporate world.

S.Thivi priya
Bcom.(CA) 1 St year
Mother- S.Mohana Sundari

My daughter has received more from this college than we as parents could have ever imagined. My daughter is now ready to face the real world thanks to department. She now places a higher emphasis on moral principles than she did in the past, and she has an innate drive to strive for women's equality and their empowerment. I also appreciate the department's tendency for this, which will produce educated mothers for us in the upcoming year. I appreciate the professors' and the principal's efforts in carefully preparing our kids for the competitive world outside. I commend the institution for doing a great job of student preparation and wish the college luck in the years to come.

C. Amirtha
B Com (CA) 2nd year
Mother - C.Latha

I want to start by saying how proud I am of my daughter, who struggled with Confidence in school but is now engaging in every activity that takes place in this department. I am grateful to the department head and staff for supporting my daughter in both her academic and extracurricular activities.

S. Yashika
B.com (CA) 1st year
Mother - S. Parameshwari

As a parent, it is my duty to see that my daughter is admitted to the best department, where academics and extracurricular activities complement one another. I'd want to take this chance to thank the head of the department and her entire team of committed lecturers for their tireless efforts in ensuring that the kids receive top-notch instruction. Additionally, department provides value added course which help in grooming the skills of my daughter.

S. Gopika
B.Com (CA) 1st year
Mother - S.Santhanamavi

I enjoy expressing my opinions about the department. I occasionally observe my kid becoming more responsible in her daily life. Her joy in attending college gives me hope that my choice to enrol my daughter in this department was a good one. Although the department creates excellent activities to foster students' intellectual curiosity and creativity. The college is also well established in terms of infrastructure and canteen and sports complex.

Rathana Priya
B.com (CA) 1st year
Mother - Kamala

My daughter joined the Department of Commerce computer application, which makes me delighted. The AAC is a top-notch college in the area. It is my responsibility to make sure that my daughter is accepted into the best department, one where coursework and extracurricular interests mesh well. I would want to use this opportunity to appreciate the department head and other madam's persistent influence. In the department, education is provided while also emphasizing the value of sports, cultural activities, the arts, and personality development. Many resource people are brought into the department, and they help the students comprehend a lot of things that they did not know. Thank you for this wonderful opportunity.
